LEED CLARIFICATION LETTER

RE: Boulder Mountain LDS Meetinghouse
10036 E. Brown Road (NE corner of Brown Rd & Crismon Rd)
Mesa, AZ
Bid date: April 6, 2010 @ 5pm

Subcontractors:

The owner has registered Boulder Mountain LDS Meetinghouse as a LEED Silver certified building. In order to comply, pay special attention to the LEED requirements in your specification sections.

Most of the certifications will be coming from suppliers and manufacturers. Please review material options for LEED certification; some products may or may not qualify. If a LEED product is more costly than another specified product that is not LEED certified you can bid the cheaper, but as an alternate, give us the LEED cost up-grade as a separate line item.

NOTE: Proposals must acknowledge receipt of LEED clarification letter.

Sincerely,

Dawson Stewart
